

# April is Autism Awareness Month!

The Center for Disease Control recently confirmed that **1 in 150** children suffer from Autism.

## Help Travis LaBoy S.A.C.K. Autism

During the 2006 season, Titan's Defensive End, Travis LaBoy, made a commitment to sack autism in Tennessee.

For every quarterback sack, he pledged \$500 towards supporting Tennessee based autism organizations. Titans fans also participated in this program, logging on to [www.travislaboy.com](http://www.travislaboy.com) and pledging along with Travis to help fight this debilitating condition. As a result, The Travis LaBoy Foundation was able to write grants to the following four agencies: Beyond the Limits, Vanderbilt Bill Wilkerson Center, TRIAD, and Autism Society of America.

While Travis's sack incentive program will return this upcoming season, Travis is asking Titans fans to make a pledge during the month of April in honor of Autism Awareness Month.

To participate, please log onto [www.travislaboy.com](http://www.travislaboy.com) and make a pledge, a donation, or use the internet travel booking engine ([www.sackautismtravel.com](http://www.sackautismtravel.com)) for an upcoming summer trip. All proceeds will go to supporting autistic causes for kids in Tennessee.
